13) The municipal authorities have provided a hospital and it is the local bodies that have to provide the convenience for patients who come to avail of the hospital treatment. The suggestion that the Mission authorities should take the initiative does not stand to reason. It would not be right even to ask them for a contribution. It is only right that the Municipal Council should take the initiative supplementing its resources from other sources

Commend this spirit
~~stand to reason~~, and that it
would not be thought unwise to
ask them for a contribution. I am therefore
~~writing~~ to request you to be so
good as to ask the magistrates to take the necessary action in this connection to make provision
~~necessary action in this connection~~
supplementing its resources if necessary
from other sources
